Hyderabad, May 20:Gujarat Energy Research & Management Institute (GERMI), Gandhinagar and Titan Energy Systems Ltd (TTAN) is organising a six-day “Solar Power Professional workshop” --- a comprehensive course in solar Photovoltaic Design, Technology and application at The Square Hotel, here from today. Welcoming the gathering, Prof. T. Harinarayana, Director of GERMI said GERMI is a Scientific and Industrial Research Organisation recognized by the Department of Scientific and Industrial Research (DSIR). Gujarat has many solar installations. He said GERMI has successfully executed 5 MW Gandhinagar Photovoltaic Rooftop Program and got similar projects for five more cities in Gujarat namely Surat, Bhavnagar, Rajkote, Ahmedabad and Mahsana. “If given an opportunity, we would like to take up similar project like

Gandhinagar Photovoltaic Rooftop Program for Hyderabad,” he added. Speaking on the occasion, Prof. Mrinal K. Sen, Director of NGRI said Gujarat was the leader in tapping Solar Energy. M. Kamalakar Babu, Vice Chairman and Managing Director of NREDCAP (New & Renewable Energy Development Corporation of Andhra Pradesh Ltd) said the sole objectives of setting up of NEDCAP are to generate electricity through renewable sources like wind and solar on decentralized manner, conserve energy in rural areas, Import and adopt viable technology and machinery in the areas of Non-conventional energy sources and ensures post installation service and Impart training and to promote research and development in the field of Non-conventional energy sources. Considerable amount of power could be saved by tapping solar power like the recently inaugurated 3 KW power project at the office of NEDCAP in East Godavari, he said, adding that a 1300 MW plant at Anantapur was commissioned and already connected to grid. Those who set up such plants before 2017 will get concessions on land registration, VAT and other benefits. He also said the governments were encouraging setting up of solar lighting, irrigation, streetlights, water plants and bio-gas plants into operation by providing subsidy to develop abundant fuel resources. Speaking on the occasion, Rao SYS Chodagam, CMD of Titan Energy Systems Ltd said Solar power is here to stay for future. All other power sources have problems. The workshop got very good response with some 30 participants participating. Prof Mrinal K. Sen, Director of NGRI; M. Kamalakar Babu, Managing Director, NREDCAP and Rao SYS Chodagam, CMD of Titan Energy Systems Ltd, Amin Patiwal, Secretary, GERMI and Prof T. Harinarayana, Director of GERMI graced the inaugural function held on Monday morning. (NSS)
